**SCHOOL KIDDIES  
SCORE IN OPERA**

**"The Pixies" Presented to  
Crowded House; Again  
Tonight at Orpheum**

Surpassing all other annual plays given by the school children of Ogden, the fairy opera, "The Pixies," was given at the Orpheum theatre for the first time last evening.

The theatre was crowded to the fullest extent and the operetta was well received. Scores of fairies in pretty dresses delighted the eyes of the audience. Dainty butterflies, dolls and flowers presented scene after scene of pretty color and brilliancy. The queen of the fairies, Carda Nuttall, was the perfect realization of every little girl's and boy's dream.

Many of the little folks taking part in the operetta were applauded heartily, especially the work of the following: Kenneth Older as the Swede and Jack Irving as the Chinaman. The cast of characters included Carda Nuttall as queen, Stacie Burke as Angelica, Elizabeth McIntyre as Sunshine and Evelyn Corey as Liberty. There were also Amazon guards, Archer cadets and furies, plain pixies, goblins, coons and fairies. One of the most prominent features of the play was the dancing numbers, which were artistically given by the students of the physical education departments of the various schools. Miss Zella Laffea and Talmadge Boyd were applauded when they gave an Irish dance, "Dublin Jig." One of the other dances that also was well given was the dutch dance by Miss Annette Cunningham and Zola Shaw. There were also other dancing specialties, given by the Mother Goose children.

During the interval between the two acts, Tinytime and Tiddewinks gave a doll party, which was a source of much enjoyment for all the children, little ones and big ones. Many who have witnessed a num-

## YEAR'S REPORT FILED BY S. P.

**Company Issues Report of  
Operation Under Federal  
Control**

That the Southern Pacific railroad as operated under federal control in 1919, turned over to profit and loss the sum of \$32,785,621.31 is shown in the report on federal operations of that line, which was filed with the public utilities commission of Utah yesterday.

This amount was \$2,336,429.23 less than was made by the government from the road the previous year.

Out of the profits the government has to pay the annual rental on the line, and a previous report showed that this runs in the neighborhood of \$25,400,000. The government, therefore, will be out of pocket about \$6,000,000 when it finally settles with the railroad company.

The operating revenues of the road for 1919 were \$170,000,000 approximately. This was \$15,750,000 more than the same item in 1918. The operating expenses were just under \$139,000,000 and were \$15,750,000 more than the previous year. So that the net revenue from railway operations showed a decrease of only \$15,000.

Out of the \$40,000,000 in this account the railroad paid taxes of \$6,816,000. The gross income of the road was not far from \$35,000,000. From this the main items for deduction were rent of freight cars, nearly \$1,200,000, and joint facility rents of more than half a million.

Main item of the road, and the low operating ratio under which it handles the Utah traffic, as compared with the system as a whole, are outstanding features of the report filed yesterday. The operating expenses of the system, the figures given above will show, are 76.26 per cent of the operating revenue. In Utah, the operating expenses were only 57.43 per cent of the revenue derived from the state.

Freight forms the principal item of revenue, and for hauling 27,500,000 tons of freight, on the entire system, the road received nearly \$113,000,000. In Utah 72,000 tons of freight were hauled and the revenue therefrom was not quite \$4,200,000. The Utah freight was hauled at a revenue of 1.21 cents per ton mile, while the system as a whole derived 1.31 cents per ton mile. The revenue per passenger mile was 2.6 cents in Utah, as against an average of 2.4 cents charged on the system. But the average passenger in this state traveled 109 miles, as against thirty-three miles for the average passenger on the system.

The road carried 222,160 passengers in Utah, and on the system as a whole carried 50,676,000 passengers.

The average ton of revenue freight was hauled 109 miles in Utah and 311 miles on the system as a whole. The Utah passenger revenue was \$918,000, as against \$44,000,000 on the system. The operating revenue in this state was \$5,538,000 and the expenses here were \$3,153,000. The net revenue from operations in Utah was \$2,385,000.

Of the 72,000 tons of freight hauled

ber of the plays and operettas given by the children of the public schools in previous years declare that the present production has surpassed all heretofore presented. Work in both the music department and the supervision of Miss Valentine Preston and in the physical education department under the supervising of Mrs. Sophie W. Reed was well and exceptionally done. From the minute that the curtain arose until the final fall, all were pleasantly entertained and the operetta progressed easily without hitch or pause. The future work of the departments promises even a bigger success than the one last evening in "The Pixies." A matinee was given this afternoon, and this evening, "The Pixies" will be presented once more.

# SHOE SALE

THE REASON:

The spring season has been very backward, as you all know. Mr. Jones did not know this backward season was coming when he bought the largest spring stock of shoes he has ever owned. Therefore, with this backward season, people have not bought the number of pairs of shoes they would have bought had the weather been reasonable. Consequently, the Jones shoe stock is far heavier than it should be this late in the season. Now that the spring weather is here, Mr. Jones is putting on this

## GREAT STOCK REDUCING SHOE SALE

Shoes are being sold at less than wholesale cost. Full, new lines of all sizes and all widths. This event you must not miss. You may come here expecting genuine reductions and you will not be disappointed. Here is one of the largest and finest stocks of shoes in the west, comprising only high grade makes of well known shoes for men, women and children. The best and newest that money can buy at prices less than you would expect to pay for shoes of inferior quality. Come early. Values and styles such as these will not last long. This sale will last only a short time until the number of pairs are cut down to where they should be for this time of the season.

## AMERICAN LEGION TO LAUNCH BIG MEMBERSHIP DRIVE TO TAKE PART IN DECORATION DAY CELEBRATION

Seeking to double the membership in the American legion in Utah before the state convention which is to be held May 21, June 1 and 2, a "push" for new members is to be inaugurated here and in all parts of the state beginning May 17 and ending May 22. Plans for the membership drive were outlined at a meeting of the convention committee and the Ogden post last night in the University club. A membership committee was appointed to arrange the drive program which will consist of the sending of letters to all meetings held in the city and many other activities.

### 600 Delegates

At last night's meeting, J. Ray Ward, a member of the state executive committee and chairman of the convention committee spoke in regard to the coming convention, which is to be the largest ever held in Utah. Indications are that more than 600 American legion delegates and members will visit Ogden and attend the convention sessions which will probably be held in the Ogden high school assembly hall.

Important subjects upon which will depend the future of the American legion in Utah and which will effect every man who served in the army, navy or marine corps during the world war, will be taken up at the convention sessions, according to the outline of the subjects which will come under discussion.

Among these important subjects will be: Fourfold optional plan of the American legion for legislation for the benefit of ex-service men; government aid in the settlement of public land and government assistance in securing vocational education and adjusted compensation based on length of service.

### Americanization Work

Americanization work in Utah will also be one of the big features for discussion during the convention. Of particular interest to Utah men will be discussion of the million dollar bond issue authorized by the last legislature to enable ex-service men of Utah to reclaim land or build homes in the cities.

A great variety of other subjects

are also planned to be taken up. Chief among them are: vocational training, war risk insurance, immigration, women's auxiliaries, I. W. W., and radicalism generally, participation of American legion members in political, reclamation of land, American legion weekly, military policy of the United States, employment, anti-American propaganda, "slackers," school teachers and education and profiteering and the high cost of living.

### Decoration Day

In connection with the Ogden convention, a huge Decoration Day celebration is to be held here with American Legion members, Spanish war veterans and members of the G. A. R., and the Boy Scouts participating. A committee was appointed at last night's meeting to arrange for this celebration, which is expected to be the largest Decoration Day demonstration ever held in the city. The committee is composed of: Royal Douglas, chairman, Loyal Griffin, Lyles Larkin and Harold Tripp.

A committee was also chosen to complete arrangements for the big membership "push" and will immediately begin operations. The committee is composed of: L. L. Jackson, L. D. Krumpnerman, Samuel W. Steglin, Walter H. Hadlock, William G. Kershaw and Charles Noble.

A proclamation in regard to the membership drive, which is being held throughout the United States on these dates, will be issued by President Wilson, Governor Simon Bamberger and Mayor Frank Francis.

### On Memberships

A bulletin in regard to the membership drive has been issued from state headquarters of the American legion as follows:

The state convention comes at the end of this month. By that time the state officers would like to see the legion in Utah double in membership from its present status. This can be done very easily if county members of the executive committee, officers of local posts, and individual legion members will interest themselves enough to take some time and trouble in getting in the new members. Three posts have attained 100 per cent membership.

## FRENCH ATTEMPT TO BREAK UP UNIONS

PARIS, May 11.—The French cabinet at a meeting today instructed Minister of Justice L. Huguier to open proceedings against the general Federation of Labor with a view to the dissolution of the organization which has been supporting the strike of the French railway men by calling other strikes.

The decision of the government to seek the dissolution of the federation came after an hour's discussion by the council of ministers.

## BARNYARD GOLFERS.

AKRON, May 11.—The Buckeye Horseshoe Pitchers' association is getting ready to drive the stakes for a national tournament to be held here the week of August 8. Over 800 barnyard golfers will compete.

## VITAL QUESTION BIG FOX PLAY

The theme of "Should a Husband Forgive?" the big William Fox special which will be seen tonight at the Utah theatre, follows the line of thought indicated in the title.

"The great question 'Should a Husband Forgive?'" is one of academic interest to all married persons and those contemplating matrimony. No matter how little a person may be affected personally by this question, the tendency to imagine one's self as the central figure of a dramatic situation makes the question one of universal interest.

Whether a husband should forgive is perhaps the most important of all questions affecting married life. Many homes have been wrecked because a husband refused to forgive on his wife's confession. Again, countless lives have been wrecked because the wife weakly tried to conceal her past from her husband, only to have it discovered under aggravated circumstances.

A packed house last night and many turned away.

A sale of \$45,000,000 worth of provisions has been made by Armour & Co., to the German government.

## KNIGHTS HONOR FIVE OGDEN MEN

**Convention of Utah State  
Council of K. of C. Held  
At Park City**

M. J. O'Connor, department head for the G. A. Lowe company, was chosen state deputy at the convention of the Utah state council, Knights of Columbus, which closed at Park City last evening. Ogden delegates returning this morning stated that the next convention will be held in Salt Lake.

Other officers elected were: L. J. Healy, Ogden, secretary; J. F. Flanagan, Ogden, warder; E. L. McCarthy, Salt Lake, lecturer; Monsignor P. M. Cushman, Ogden, chaplain. M. J. O'Connor and R. C. Treanor of Salt Lake were chosen delegates to the national convention with James Ivers and R. I. McDonough as alternates. Delegates took dinner at the New Park hotel yesterday. During the sessions, a resolution endorsing the Salvation Army drive was passed.

## Burglars Enter Three Patterson Ave. Homes

Burglars entered the home of Mrs. Walter Camp, 363 Patterson avenue yesterday and stole a gray suit. They also entered a room in the camp occupied by W. Holt where \$2.10 was removed.

The C. H. Murphy home, 269 Patterson avenue was also entered but nothing was reported missing.

Geo. Walsh in "The Beast" at the Lyceum today. Coming tomorrow, Theda Bara in "Lure of Ambition."

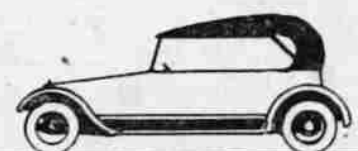

## ELECTRIC IRONS

An Advance of 10 Per Cent on All Heating Appliances Took Effect May 10th, but We Will Protect You If You PURCHASE BEFORE MAY 14th. This Increase Affects ELECTRIC IRONS, TOASTERS, PERCOLATORS, etc.

PRESENT PRICES RANGE FROM \$5.50 to \$7.25  
FUTURE PRICES WILL RANGE FROM \$6 to \$7.75  
When You Think of Anything Electrical, Think of

"Everything Electrical"  
2452 WASHINGTON AVE. PHONE 581

## ALIGNMENT OF THE FRONT WHEELS

Tire prices will come down when motorists are careful to get all the wear possible out of the tires, and thus lessen consumption.

A blow against a curb or rock may knock a wheel out of alignment so that it will wear the tire unnecessarily, then of course, up go tire costs. The wheels may easily be brought into proper alignment by an adjustment to the yoke end of the tie rod. We invite you to come in and let us demonstrate this point. It may prove very valuable to you.

**OGDEN MOTOR CAR CO.**

HUDSON "SUPER SIX" CHEVROLET ESSEX

## Make Every Motor Trip a Success

To do so you must make your preparations beforehand.

Not only must you prepare against all contingencies that might arise, such as tire trouble, engine breakdowns and so forth, but in addition, you should furnish the touring aids which more than pay for themselves in extra comfort and pleasure.

We suggest such things as canteens, folding water buckets, camp stools, and especially the wonderful Portofone—the phonograph that is easily carried wherever you go, and is always ready to give music of the highest tonal quality. See these and other tourists' furnishings in Ogden's motoring headquarters' window.
